

## ONLINE ORDERING SYSTEM

### Use Tallen's Online Ordering System to make your job easier

At Tallen Technology Rentals we understand your time is valuable so we provide a dedicated online ordering tool to simplify your dinner meeting planning process.

Tallen Technology specializes in providing Audio Visual services, with an expertise in customer service and equipment needs to maximize your meeting investment. We are experienced in working with clients nationally on hundreds of dinner meetings daily saving them time and money. Let us join your meeting planning team and see how effortless your dinner meetings can be. At Tallen you have the option of using our online interface, or our dedicated account managers and logistics team.

#### Easy to use

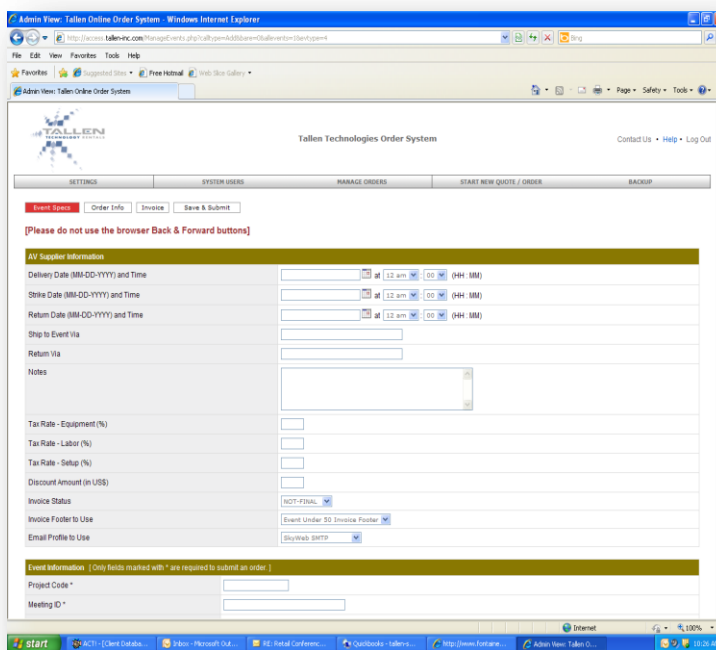

Tallen's ordering system is fully configurable to your specific needs.

#### Secure

Tallen will provide you with a unique login, to provide complete assured security.

#### Manage all your meetings from our interface

Your secure login will access all your meetings to review or adjust orders dynamically.

# ONLINE ORDERING SYSTEM

## Convenient Equipment Packages

Client defined packages speed your process of booking orders. Tallen has a volume based pricing policy, to maximize your buying power.

## Color code your meetings

Use colors to organize different product tracks or Project managers, to manage your work flow seamlessly.

## For Dinner Meetings

Tallen coordinates 150+ dinner meetings daily and have a clear understanding of what is vital to a dinner meeting.

Our dedicated dinner meeting staff members are available 24/7.

Tallen is equipped to fill same day orders anywhere throughout the USA.

Contact Tallen and let us make planning your next dinner meeting easy for you!
